

BIOL 2652

HUMAN ANATOMY & PHYSIOLOGY II

SPRING 2012

Lecture: 2:00

80-89 (480-539) B
70-79 (420-479) C
60-69 (360-419) D

EXAMS: The 4 exams in this course will each cover 1/4 of the lecture and reading material. Questions will be based on both the lecture and reading material assigned in class. Exams will be made up of mostly multiple choice questions with a few essay questions. The optional final will be worth 100 points. If you take the final, I will drop the lowest of the five exam scores in calculating your final grade. (The final can not hurt you. If the lowest score is the final, it will be dropped). So, if you have a bad day and bomb an exam, remember it's not the end of the world and that score can be dropped.

MAKE-UPS: Because the final is optional and can make up for a previous exam, there will be **NO** make-ups for any of the first four exams. If you miss one, for whatever reason, that will represent your dropped exam and you will have to take the final. This policy has a couple of important implications: (1) you better not miss more than one exam, and (2) there is some incentive in taking the first four exams and thus possibly avoiding the final.

LABS: The 200 points of your grade will be based on your performance in the laboratory portion of this course. The 3 laboratory exams involving identification of specimens, etc **cannot** be made up!! Unlike the lecture exams, a missed lab exam cannot be covered by taking the final. If you miss a lab exam, you forfeit those points. Similarly, since lab exercises change from week to week, labs cannot be made up either. Thus, it is imperative you attend lab each week and crucial that you not miss a lab exam. **IMPORTANT NOTE:** Lab exams will involve some use of your specimens. This means you need to do a good and careful job on your dissections.

In addition to the two lab exams, there will be several lab exercises in which you will collect physiological data. You will analyze these data and turn in short (very short) lab reports.

BEHAVIOR POLICY: Any student disrupting the classroom and affecting the learning experience of others will be asked to leave.

PRIVACY ACT: Because of the Buckley Amendment or Privacy Act, grades will not be discussed over the phone. I will not give grades out to friends or relatives without specific written permission from the student.

Students with Disabilities: If you are registered with the Access Office, let me know so that we can make any necessary arrangements regarding exams etc.

Dates to Remember:

Martin Luther King Day Monday, January 16 No Classes

Mid-Term: Thursday, March 1st Last day to drop with a Withdraw Pass

Spring Break: Monday through Friday, March 12-16th No Classes

TENTATIVE COURSE SCHEDULE

	13	Fetal Pig Blood Vessels
	20	Fetal Pig Blood Vessels (cont.)
	27	Fetal Pig Blood Vessels (cont.); Review
March	5	Lab Exam I
	12	Spring Break - NO LAB
	19	To Be Announced
	26	Fetal Pig Digestive System
April	2	Spirometer & Fetal Pig Respiratory System
	9	Lab Exam II
	16	Fetal Pig Urinary & Reproductive Systems
	23	Lab Exam III (comprehensive)
